

## A message of thanks to Lulworth House Residential Care Home

Lulworth House Residential Care Home were thrilled to receive this message of thanks from one of our families after visiting her Mum for the first time since lockdown in March.

*"Hello. I hope you are all well. It was great to visit my Mum this week and good to see her looking so well. Thank you for arranging it.*

*My daughter is working for the **NHS** and is running a campaign this week for the **NHS Birthday** which is on Sunday. It's encouraging people to thank people in their community for everything they have done to make a difference and help people. Then Saturday is a day to remember people that have passed away in the pandemic and Sunday is the final clap.*

*I am going to post a **'Thank you to Lulworth'** for the great care you have given my Mum and all the residents during the pandemic."*
