

## A sunny day at Leeds Castle for Lulworth House Residential Care Home ladies

**On Tuesday 20 August a group of our ladies from Lulworth House Residential Care Home went on a day trip to Leeds Castle. And what a fine day it was, with lots of blue skies to enjoy!**

The ladies had a wonderful time looking around inside the beautiful castle rooms and admiring the views in the gardens, with a stop for hot chocolate and freshly made doughnuts.

We were lucky enough to be able to see and stroke some stunning owls in the grounds too, which was a real highlight for our ladies.

Later on the group relaxed on a balcony with a view of the castle, to have some lunch.

It was such a great outing and a really memorable day.
