

A week of delicious treats at Lulworth House Residential Care Home

We enjoyed a fantastic week of Baking Club activities at Lulworth House Residential Care Home last week, 13-17 July.

On Monday, Anne helped our Nourishment and Social Wellness Coordinator Katja to make **chocolate covered marshmallows** for a cheeky snack on the tea trolley. As you might expect, they didn't last long!

We had a surprise **mocktail making session** on Tuesday, where Katja gave our residents a selection of ingredients and they told her what to add to the jug! It turned out really tasty and everyone enjoyed sampling it.

Wednesday saw us **icing Alan's birthday cake** and making an edible apple topper out of Rice Krispie squares wrapped in icing, as he's always enjoyed trips to New York.

On Thursday our residents enjoyed making **record-shaped biscuits** ready for our rock 'n roll party on Friday!

At the party, Katja ran a **milkshake stand** which our residents had decorated. We had strawberry and chocolate flavour milkshakes on offer, and even a soya chocolate option for Sandy who is lactose intolerant. So everyone got to enjoy them. *Yummy!*
