

Apple roses and delicious cakes at Lulworth House Residential Care Home Baking Club

Our residents were very creative during last week's Baking Club here at Lulworth House Residential Care Home.

With help from Katja, our Nourishment and Social Wellness Coordinator, they made **beautiful apple roses**, using pastry and apple slices rolled together in cases and sprinkled with cinnamon for baking. *They looked so professional!*

The group decorated **Ivy's Birthday cake** with very colourful icing and also made **cupcakes** and then decorated them for our party on Friday.

Alan our Gardener came in to do some work in our garden and brought the **lovely Frank** to see us! Philip loves to have strokes with Frank whenever he is around.
