

## Betty turns 102 at Lulworth House Residential Care Home

**Our activities last week were all themed around 'Movies' here at Lulworth House Residential Care Home.**

It was **Betty's 102nd Birthday** on Friday 25 September, so we dressed up our **Home** (and staff!) and made our dining room beautiful with **sparkly decorations, balloons and bunting**, as well as old movie photos and clapperboards table decorations, all ready for her themed party, which was such great fun!

In preparation, at the beginning of the week we made **movie reel shortbread**. It was a little fiddly to cut the small holes out of them, but we managed it quite well in the end and they looked great.

On Thursday we made **Rice Krispy cake toppers** for Betty's birthday cake and on Friday we decorated her special '**film, clapperboard and popcorn**' cake, which we presented to her on her special day.

Betty had a super birthday and enjoyed a **posh fish and chip lunch** to celebrate.

***Many happy returns Betty – 102 years young!***
