

Birthday cake and muffin making at Lulworth House Residential Care Home

Baking club last week was fun at Lulworth House Residential Care Home!

Margaret and Nourishment and Social Wellness Coordinator Katja decorated Philip's magnificent **birthday cake** – laden with an amazing array of biscuits!

He loved being presented with it and his family gave him a special candle which played music to him. Our staff all sang '*Happy Birthday*' to him in the lounge and he really enjoyed his special day – with a pint accompanying his slice of cake!

We also made **chocolate chip muffins** during our baking session, which came out beautifully and were very much enjoyed by everyone.
