

Biscuit baking and decorating at Lulworth House Residential Care Home

Our residents here at Lulworth House Residential Care Home made some lovely biscuits on Wednesday 14 June. We had many helping hands and everyone had different tasks.

Penny was exceptionally good at measuring the ingredients, whilst Mai was in charge of the instructions and our lovely Dot was on mixing duty. In the afternoon, after the biscuits had been baked, we got to decorating!

Residents could use a variety of icing colours, sprinkles and edible pens to create beautiful designs on their biscuits. We had some incredible biscuits so we almost felt bad eating them! Nonetheless, they were absolutely delicious!
