

Carnival mask creations at Lulworth House Residential Care Home

At Lulworth House Residential Care Home, we have recently spent time creating some carnival masks as we have the Notting Hill Carnival coming up at the weekend.

Our residents enjoyed **painting the masks and creating various different styles**, some to fit with the carnival theme. We used paint, stickers, gems, glitter and feathers to create some bold bright masks.

We think we did a fantastic job and we will shine bright on the day of the carnival itself!
