

Ceces Rainbow Kids enjoy painting and games at Lulworth House Residential Care Home

Last week our residents at Lulworth House Residential Care Home welcomed Cece's Rainbow Kids again. It was such a lovely morning filled with laughter, chats and plenty of fun activities!

The children were split up into two groups to spend time with our residents doing different activities. In the dining room, residents helped the children **paint and decorate masks**, whilst others were **playing target games in the lounge**. The groups switched half way through to make sure they were enjoying every activity. At the end of the session, the children ran outside with our residents to enjoy some **parachute and ball games**.

We all had such a super time and we are so thrilled to have the children come to visit us regularly.
