

## Celebrating the ladies at Lulworth House Residential Care Home

## International Women's Day and Mother's Day tea party

We enjoyed a very special day on Friday 8 March here at Lulworth House Residential Care Home, as we celebrated International Women's Day, plus Mother's Day a little early.

Families were invited to join us for a lovely tea party when we served **scones and cupcakes from our local bakery** – scrumptious they were too! We'd picked **fresh daffodils** from our front garden for our table centrepieces which looked amazing all made up with pastel colours. Our residents loved **admiring the decorations** and everyone felt very posh with our china cups. *We made sure to lift our pinky fingers up whilst we drank our tea!*

It was a very special day and we were definitely spreading the love – *a wonderful way to celebrate all our beautiful ladies and mums.*
