

Celebrating women at Lulworth House Residential Care Home

Tuesday 8 March marked International Women's Day and here at Lulworth House Residential Care Home we celebrated with a creative post-it note activity where everyone could express the reasons why we love women!

We created a pink panel where we stuck all the memo notes about 'What women can do....'

Residents enjoyed a chat about the difference between women back in the past versus women nowadays. Some enjoyed being housewives, while others are glad women can finally do everything they wish! We discussed gender awareness and how it has changed throughout the years.

To finish, we created a **mini photo booth** where residents could hold cards and take pictures of statements highlighting how to support other women.

A great day of thoughts and discussion.
