

Children practice their shapes at Lulworth House Residential Care Home

On Thursday 13 June our residents at Lulworth House Residential Care Home spent time with our local nursery children, enjoying interacting with them all.

The children have been learning to recognise different shapes, so our residents chose a shape for each child to draw and learn its name. The children loved engaging with our ladies and gents and it was wonderful to see them concentrating so hard.

Later the youngsters played a ball shot game, which we all found fun!

The children create such a great atmosphere in our **Home** when they come. We always look forward to their visits.
