

Christmassy trip to Leeds Castle at Lulworth House Residential Care Home

On Wednesday 21 November we took a group of our residents from Lulworth House Residential Care Home for a festive outing to Leeds Castle.

The castle has had an interesting history - including being the private property of six of England's medieval queens and a palace used by Henry VIII. It has become one of the most visited historic buildings in Britain.

We had a lovely time walking around the beautiful rooms, admiring the festive Christmas trees and decorations. What a wonderful place!

Continuing the Christmassy feel, one of our residents went out for a shopping trip to some local stores. She enjoyed browsing all the Christmas gifts and decorations - and loved seeing the colourful Christmas elves in particular!
