

## Crafts and birthday celebrations at Lulworth House Residential Care Home

**Our residents have been enjoying some seaside themed arts and crafts this week at Lulworth House Residential Care Home.**

Our ladies painted **summer ice cream pictures** together inside, whilst outside we held an **underwater themed painting session**, with some colourful fish emerging!

We celebrated **Joyce's birthday** and presented her with a beautiful birthday cake with iced flowers and her name on it, which she was delighted with. She enjoyed her day in the garden with her friends, taking in the sun.

We've had another one of our popular '**movie mornings**' with popcorn! Our residents watched a war film together, followed by some classical music time.

We've been keeping our **garden** well watered and our ladies have also made some **cupcakes** together, which we all get to enjoy!

**Our Church** service on Sunday morning is always much appreciated too.

*A busy week in our Home!*
