

Creative flower arrangements at Lulworth House Residential Care Home

Last week our residents at Lulworth House Residential Care Home came together to produce some wonderful floral displays for our Home.

We had a wonderful selection of **blooms and foliage**, including roses and carnations in pinks, whites and purple. They look so colourful in their pretty arrangements.

Our ladies scooped out some **pumpkins** to use as vases for some of their flowers, which look so bright and autumnal, with lovely seasonal colours.

We held a special **Harvest Church Service on a Skype call** during the week and we are delighted to be back in touch with our friends from **Cece's Nursery** – we have been Skyping with Cece and the children every Thursday at 11am, which we all look forward to.
