

Dog racing delights at Lulworth House Residential Care Home

On Wednesday 20 November, we took a group of our ladies and gents from Lulworth House Residential Care Home to visit the Central Park Stadium in Sittingbourne to enjoy some dog racing.

We were delighted to have our own private room at the venue, and our residents loved sitting by the large viewing window watching the greyhounds race, with a nice cuppa or two!

Everyone really enjoyed the thrill of the races and feedback was very positive – *we can't wait to go back!*
