

Folkestone beach outing at Lulworth House Residential Care Home

On Tuesday 27 August, a group of our ladies from Lulworth House Residential Care Home visited Folkestone beach and nearby park.

They really enjoyed the glorious weather by the beach in their sun hats, and had so much by the sea front splashing water on each other!

They stayed for a lovely picnic in the beautiful park not far from the beach, which was very relaxing.

The ladies all thoroughly enjoyed their outing and spending the day with each other.
