

Fun with pre schoolers and pets at Lulworth House Residential Care Home

At the end of last week our residents at Lulworth House Residential Care Home spent some quality with a group of children from our local pre-school.

They played games outside in the sunshine, including parachute ball games and connect four, and later enjoyed singing and dancing in our lounge. We always love seeing youngsters at **Lulworth** as they bring such spirit and joy to our residents.

We were also delighted to have a visit from some adorable rabbits, who proved very popular! Our ladies and gents absolutely loved having them on their laps for a cuddle and stroke. They were so well behaved and brought a wonderful sense of calm relaxation with them.

We hope they return to see us again soon!
