

Garden delights at Lulworth House Residential Care Home

Last week, we spent a glorious sunny Thursday in our garden here at Lulworth House Residential Care Home.

We loved being outdoors together, with some friends and family, having fun and taking in the fresh air.

We played games including skittles and draughts, and even got our paddling pool out to dip our toes in, which went down very well with our ladies!

Our residents enjoyed their lunch outside too – *a super day making the most of the lovely weather!*
