

Green fingers and doughnuts at Lulworth House Residential Care Home

Garden time

Our lovely residents at Lulworth House Residential Care Home have been putting their green fingers to the test this week in our garden, potting some new plants for the summer.

They all helped each other and there was a real sense of **teamwork** filling the garden...*we're just waiting to see if a beanstalk will grow overnight!*

Delicious doughnuts

We celebrated America's '**National Doughnut Day**' on Friday 4 June with our residents, who were delighted to taste lots of different doughnuts!

The day is celebrated in the United States in June of every year, marking the doughnut event created by The Salvation Army in Chicago in 1938 to honour those of their members who served doughnuts to soldiers during World War I.
