

Halloween baking and pumpkins at Lulworth House Residential Care Home

Halloween bakes

We were very pleased with our Halloween baking creations last week here at Lulworth House Residential Care Home.

We made **spooky purple and orange cupcakes** (the colours were chosen by our residents) and some **scrumptious chocolate bark** – yummy!

We decorated our cupcakes with Halloween toppers and also decorated some **chocolate covered biscuits with giant marshmallow skeleton faces** on them! Very spooky and very tricky to eat as they were spookily sticky!

Pumpkin flower arrangements

On Thursday last week we got busy **carving pumpkins for Halloween**.

Our residents helped scoop the pumpkins out using their hands or spoons and then **arranged flowers** in them – they look great!

Doreen expressed; *"I loved pumpkin carving, such a fun activity!"*

We put our beautiful carved autumnal creations in our garden where our residents could see them from the windows. *Great job!*
