

## Ice creams and beer tasting in the garden at Lulworth House Residential Care Home

**At the weekend we made the most of the lovely British weather with ice creams and beer tasting in our garden at Lulworth House Residential Care Home.**

We enjoyed the **beer samples** and we had a **score sheet** to rate each beer out of ten – Luna Lager was the favourite amongst our residents, *and didn't last long!*

We are looking forward to continuing to celebrate the sunny weather and are getting our **paddling pool** ready to skinny dip our feet in!

*Our residents are just waiting for the water pistols .....to get those pesky staff! Ha!*
