

Indoor nature trail at Lulworth House Residential Care Home

Rangers at the ready!

Our residents here at Lulworth House Residential Care Home had a real 'hoot' during an indoor nature trail this week.

Dressed as nature rangers, our residents looked for a variety of different animals; when they found and solved each clue, it lead them on to the next.

Wearing ranger hats and carrying clipboards to refer to (*with printed pictures of all the animals that could be found*) everyone enjoyed the trail. On our way round, residents shared lots of stories about the animals they have seen in their own gardens.
