

Lulworth House Residential Care Home residents celebrate Chinese New Year

On Sunday 22 January, here at Lulworth House Residential Care Home, we started our celebrations for the Chinese New Year and dressed our Home with some amazing lanterns and window decorations.

This new moon marked the beginning of the '*Year of the rabbit*' and our residents were curious to discover what **zodiac animal** they belong to and read their **horoscope for the year**.

They also had fun writing words using **Chinese calligraphy** and created an amazing inscription spelling '*Lulworth*' – strictly in red for good luck!
