

## Lulworth House Residential Care Home residents enjoy Dementia Cafe outing

**On Thursday 1 September, our residents at Lulworth House Residential Care Home were thrilled to have an outing to our local Dementia Memory Café run by Age UK.**

After a lovely drive and sing along, our residents Bob, Tim, Phil and Olive enjoyed tea, coffee, sweets and a chat with Tracey our host at the cafe.

The room was filled with fantastic **decorations** (we took note of how we could recreate them back at our Home!) as well as **local history books** which we looked through while reminiscing about the good old days.

A lovely morning in the community, getting to know other local people – *and hopefully many more to come!*
