

Lulworth House Residential Care Home residents enjoy Leeds Castle flower show

On Monday 16 September we took a group of our residents from Lulworth House Residential Care Home to see the castle and flower show at Leeds Castle.

We walked around the lovely castle grounds and inside, admiring the beautiful **flower arrangements** which were stunning.

One of our ladies, Rita, was especially delighted to view such wonderful displays as she used to be a florist herself.

On the way back home we stopped in a restaurant for a rest and our ladies and gents chose **pizza for lunch**.

The trip was so popular that we returned to the castle the day after with another group of residents!
