

## Lulworth House Residential Care Home residents enjoy making Baking Club goodies

### Cheese rounds

**Dot** really enjoyed helping our Nourishment and Social Wellness Coordinator **Katja** to make cheese rounds recently here at Lulworth House Residential Care Home.

When they were served at tea time, she loved proudly telling everyone that she helped to make them. *Delicious!*

### Cinnamon swirls

**Marion** enjoyed spreading the **cinnamon and honey mix onto puff pastry**, to make some tempting cinnamon and honey swirls, which were part of our nod to Winnie the Pooh, who we are very fond of!

### Sweet treats

**Terry** enjoyed assisting with some **coffee cupcakes** with **Katja**. His family came to visit whilst he was busy and they loved seeing him

take part in something as he often prefers to watch others.

Meanwhile, **Diana** enjoyed mixing the chocolate, digestive biscuits, cornflakes, mini marshmallows and glacé cherries for some **delicious cornflake cakes**.

*She particularly enjoyed using the spare digestives to clean the bowls we used to melt the chocolate for a sneaky snack after we had finished scooping it into cake cases!*

Our residents really enjoy baking

## A helpful hand

**Vera** enjoyed helping Katja to **set the dining room for lunch last week**, assisting with laying all the table cloths straight and folding the napkins. **Maureen** is also a pro at **folding the napkins**. *Thank you ladies!*
