

## Lulworth House Residential Care Home residents go shopping at Chatham Dockyard

On Tuesday 22 October, we took a group of our residents from Lulworth House Residential Care Home out for a day trip. We were planning to go pumpkin picking, but because of the rain the farm was closed so we decided to go shopping instead.

We headed for **Chatham Dockyard**, St Mary's island and enjoyed looking around all the shops. There were already lots of Christmas decorations and gifts to look at - including a rather friendly snowy elf who we took a shine to!

We stopped for lunch in Burger King before heading home.

All of us had a great day out - perhaps we'll find some pumpkins next time!
