

## Lulworth House Residential Care Home residents make Parkin and cheese rounds

**Our residents at Lulworth House Residential Care Home came together for a baking session recently, which they always really look forward to.**

We made **Parkin** (a rich gingerbread made with oatmeal and molasses) for our Chef, as it went down so well the last time we made it, he asked us to make it again!

We also made our famous **cheese rounds** which are also a hit, especially with Nina when she visits us from the Well-Being Team – we made sure we saved some for her to enjoy!
