

## Lulworth House Residential Care Home residents make tasty lemon cupcakes

**This weekend we put our bakers hats on and made some delicious lemon cupcakes at Lulworth House Residential Care Home.**

Our residents **reminisced about the baking they used to do for their families** which brought up lots of happy memories and made everyone even more excited to give their cakes a taste!

*.... A few may have even gone 'missing' before they had a chance to be decorated, so they must have been yummy!*
