

Lulworth House Residential Care Home residents pose for portraits

Our Lulworth House Residential Care Home residents were 'ink-credible' at posing for their caricature portraits last week.

We welcomed the brilliant **David from Groves Caricatures**, who came in to draw some funny interpretations of our ladies and gents.

What a talent he is! We had **laughs all around when the final portraits were revealed** and residents recognised themselves – some were more impressed than others though!!

Our team members had a go at guessing who each portrait was supposed to be, and they got all of them right – David definitely captured our residents well!!
