

## Lulworth House Residential Care Home residents visit Hop Farm Village

**A group of five of our residents from Lulworth House Residential Care Home visited The Hop Farm Village in Tonbridge on Wednesday 17 April.**

The farm boasts a variety of animals to get up close to including, mini-cows, horses, ponies, donkeys, llamas, goats, guinea pigs, rabbits, alpacas, birds and reptiles.

We enjoyed walking around the farm admiring the animals and we had a chance to pet the lambs, as well as other animals, in the little farm corner which was wonderful.

We enjoyed stopping for a fish and chip lunch in a nearby pub, where we got to sit outside and enjoy the lovely weather.

All our residents thoroughly enjoyed themselves and would love to go back one day.
