

Lulworth House Residential Care Home residents visit Leeds Castle and Allington Lock

We recently took a group of our residents from Lulworth House Residential Care Home to visit Leeds Castle and Allington Lock for the day.

We were treated to some lovely weather as we enjoyed the grounds of [Leeds Castle](#), which boasts some 500 acres of beautiful parkland and gardens.

We also enjoyed visiting [Allington Lock](#), which is a popular scenic spot within Maidstone River Park.

Everybody was delighted by the sunshine and really enjoyed the sights and sounds of the day.
