

## Lulworth House residents enjoy the football and a trip out to town

**Last week at Lulworth House Residential Care Home, we were in full football swing with the FIFA World Cup nearing its climax.**

Our residents enjoyed cheering the England team on with their home made flags and (despite the final score!) there was a great atmosphere in our **Home**.

During the week, we took a group of our residents for a walk to our town centre for some shopping and we stopped at the Maidstone museum for some very welcome coffee and cake. When we were in town, we passed a busker who was playing his guitar and entertaining shoppers. We stopped and appreciated his music for a while – and he appreciated an audience!

With the week's lovely weather, our residents Joyce and John took the opportunity to get out and about together around our **Home**. Long may these pleasant summer days continue!
