

Making bread and butter pudding at Lulworth House Residential Care Home

On Monday our residents enjoyed making a bread and butter pudding at Lulworth House Residential Care Home.

They took care in mixing the ingredients and layering the bread – a very professional job and it tasted great!

The morning baking session was followed by tea and coffee, accompanied by our **weekly Sparkle newspaper**, which is always a favourite with our ladies and gents.

We've also enjoyed 'smoothies and movies' this week and created our very own uplifting **rainbow collage** to display.

....and we couldn't resist taking some lovely photos of our residents, with some **happy messages** to send to their loved ones, reassuring them that we are all well and in good spirits.
