

Making cornflake cakes at Lulworth House Residential Care Home

Last week chocolate cornflake cakes were on the agenda for our residents Marie and Maureen here at Lulworth House Residential Care Home!

Together with Katja, our Nourishment and Social Wellness Coordinator, they had a lovely chat and a giggle as they **mixed the ingredients** and **prepared the cake cases**.

These ladies definitely have a cheeky side and had great fun during the activity!

Their **delicious chocolate treats** were finished with colourful sprinkles for everyone to enjoy.

Great work ladies!
