

## Nature diary drawings at Lulworth House Residential Care Home

**With August ending and the weather at a turning point, here at Lulworth House Residential Care Home our residents took some time to observe the always changing scenes outside our windows and document it in our nature diary with beautiful watercolour pictures.**

Maria, Kathy and Anne love looking at trees and always point out how tall they are and if they have more or less leaves on, depending on the season.

*Such a rewarding and relaxing group session.*
