

Pampering and sing along at Lulworth House Residential Care Home

Our residents here at Lulworth House Residential Care Home enjoyed a long spa pampering session in the lounge this week.

We played spa music to set the scene and a professional nail salon video was displayed on the television for extra atmosphere.

Our ladies were offered handbags to carry to their salon appointments, as well as perfume and aftershave for both men and women.

Jewellery boxes were made available for residents to sort and choose from. Afterwards, residents enjoyed our Christmas sing along afternoon performed by Archie.

Best wishes and Merry Christmas to you all!
