

Pet Therapy with Jasper at Lulworth House Residential Care Home

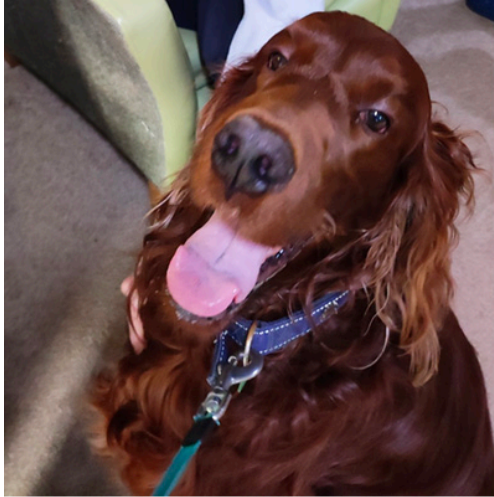

At the weekend our residents at Lulworth House Residential Care Home met Jasper, our handsome Irish Setter canine visitor!

Everyone had a chance to **feed him treats**, as well as give him a **cuddle**. He was such a gentle boy and enjoyed all the fuss.

May even discovered **he could do some tricks** (such as giving a paw!) and had fun playing with him. Diana and Dot walked him in the garden and played fetch.

Thank you for coming Jasper, we hope to see you again soon!

Feeling festive!
