

Puppy love and Pippin trip at Lulworth House Residential Care Home

Animal Therapy

This week we had a bouncy little puppy come in and visit us Lulworth House Residential Care Home – and what a character he was!

As you can see, our resident Doreen particularly enjoyed swooning over him! We think he enjoyed the attention as much as our residents loved him!

Visit to The Pippin

We also enjoyed a little outing to our local pub, The Pippin, this week.

The Manager there was very kind and gave us some free turns on the **Shuffle Board game** which Joe was really good at, despite not playing before!

We had the full '*pub experience*' - with pub nuts, games and music! Joe was in his element as an avid pub goer in his younger days; he

said he loved the atmosphere and having a pint in a proper glass. *Good times!*
