

Remembrance tributes and cream tea at Lulworth House Residential Care Home

We've been busy at Lulworth House Residential Care Home this week marking Remembrance Day by making our own poppy tributes.

We hosted a special **cream tea**, during which we added memories to our **Memory Tree** of our family and friends who are no longer with us. We also had a poppy displayed in our front window to show our respect.

We raised a glass to all the fallen soldiers on **Remembrance Sunday** and spoke about our stories of the war. *A special time of togetherness and reflection.*
