

Spanish birthday celebrations at Lulworth House Residential Care Home

On Friday 27 September, our residents and staff at Lulworth House Residential Care Home came together to wish resident Maria a very happy, Spanish-themed birthday!

We had a fantastic evening of entertainment, which commenced with a wonderful dance show, performed by talented ballerinas **Jess and Lydia** from the [Hilton Hall Dance Academy](#).

This was followed by **live music by Santino**, which got many of our residents up on the dance floor, showing off their moves!

We enjoyed different themed props and our staff and some of our residents got into the spirit of the evening by dressing up in red and black Spanish outfits.

To top off the party, our Chef made **Spanish tapas and paella for supper**, which went down a treat!

We all sang '*Happy Birthday*' to Maria as she was presented with her birthday cake, and she enjoyed posing for photos with the beautiful dancers.

We all had a fantastic evening and are delighted Maria enjoyed her birthday, filled with the sights, sounds and tastes of her native Spain.

Maria's daughter Marisa was so delighted with how much thought went into the party;

"Thank you so much for Friday's celebrations and all that hard work from you and the staff team. It was great fun.

I have to say that the costumes, ballet, music and food were all amazing, but what really was a 'wow' was the reactions of some of the residents who really got into the spirit of it all!

My siblings and mum's family back in Sòller we're so happy with the photos and videos of mum with the ballet dancers. It was very moving. I think if she wasn't tired she would have danced for longer!

The beautiful dancers were amazing. Thanks again to you all!"
