

St Patricks Day baking at Lulworth House Residential Care Home

Last week's baking activities were focused around St Patrick's Day here at Lulworth House Residential Care Home.

We made **cake toppers**, **mixed our green cupcake mix** (*which Yvonne said looked like goo!*) and we **iced the cupcakes** with lovely smooth vanilla buttercream, also green!

Colin and Janet helped to ice the cupcakes and we all got green fingers!

We had some **Irish flags**, **Shamrock toppers** made with help from Joyce and Joyce, and Katja, our Nourishment and Social Wellness Coordinator, made a '**pull apart cake**' which looked like a shamrock.

We put all the cupcakes next to each other and iced over them to make our **St Patrick's Day** display – yum!

We loved making our cake display!
