

Summer activities at Lulworth House Residential Care Home

On Monday we had our Weekly Sparkle group chat in our garden here at Lulworth House Residential Care Home and Pauline started her project of making solar system hanging mobile.

We also had a **Turkish-themed morning**, with traditional music, chai and apple tea and of course Turkish delight! Our ladies loved the apple tea as it tasted delicious and smelt wonderful.

Our residents also enjoyed doing **jigsaw puzzles**, which are always a firm favourite, and having some time with our **Guinea pigs**, who love all the attention.
