

The Happy News at Lulworth House Residential Care Home

Many of our lovely residents at Lulworth House Residential Care Home love watching or reading the news, but comment that it can be quite negative.

We did some digging and came across a **newspaper** called 'The Happy News' which is all things positive!

Our ladies and gents loved reading about some brilliant charities, animals that are no longer extinct and stories of regular people saving lives – **uplifting and inspiring**.

Our residents said it was such a lovely pick me up!
