

Valentines surprises from Lulworth House Residential Care Home

We wanted to make sure everyone felt special this Valentine's Day here at Lulworth House Residential Care Home – both our residents and their loved ones.

So we arranged for a lovely **Valentine's delivery to the husbands and wives of our residents** as a nice surprise for them, sent with lots of love.

They received a beautiful gift box full of delicious goodies to enjoy including **cupcakes, biscuits** and **chocolate stirrers**, and a heartfelt **Valentine card with a photograph**.

One family member commented;

"I was overwhelmed with the kindness and the photo is on show on the mantelpiece"

Hannah our Family Liaison Coordinator has been working hard to book in **Skype and video calls** for all loved ones this week, to ensure we stay connected through these difficult times.

Lots of photos will also be sent throughout the coming days, to share our fun here at Lulworth House and spread a little love too!
