

## Walking group at Lulworth House Residential Care Home

**At Lulworth House Residential Care Home, we have started a weekly walking group on Friday mornings.**

We recently **took a nice walk** up and down our local roads and had a peep at all the large gardens and mansions.

On our walk, we saw the **first signs of spring** with some **daffodils** which are due to blossom soon and some **pretty lilac flowers**.

*It was a joyful moment to see the evidence of spring on its way very soon!*
