

## Welcoming Bonny and Clyde at Lulworth House Residential Care Home

### Rabbit, rabbit!

Everyone here at Lulworth House Residential Care Home is delighted to welcome two new furry friends to the Home – two beautiful bunnies called Bonny and Clyde; they bring lots of joy to all our residents and staff.

### Pet Therapy

The extremely cute twosome make for wonderful companions to our residents. Just looking at them can raise a smile and having a little cuddle or a stroke with them evokes a lot of comforting feelings. Studies have also found petting small animals can reduce stress and boost our mood.

Our ladies and gents love Bonny and Clyde

We feel very lucky to have them with us
